## BOOK SYNOPSIS

Oh God, here he comes now. Okay, he actually greeted me. Now I need to say something... anything. Run down my internal checklist-Step One: wipe drool from mouth; I wiped my mouth; check. Step Two: open mouth and speak; say something... come on, anything... nope, I got nothing. Step Three: refer to Step One and repeat.Sigh. This gorgeous man now thinks Im a moron.Of course, I know that my secret-okay, not so secret-crush, Reese Willoughby, could never have any interest in me anyway. Theres just no way that he hasnt noticed me openly ogling him at work. I know everyone else in the office has surely seen it.When Reese finally asks for my help with a work project, I cant help but feel over the moon. Now I can only hope that he notices just how much I like him, because there is no way Im about to make the first move.\*\*Everything In Between is the first book in the series Finding My Forever, but is a standalone novel.
